CR/NC Grading, other academic options offered
For Spring 2023 semester only, students are able to change from a numerical grading option and select the CR (Credit)/NC (No Credit) grading option through the end of the semester. Grades for Spring 2023 are posted beginning May 10—students will have until 11:59pm (EST) on May 17 to select the CR/NC option. More information and updates will be posted here. Students are encouraged to connect with a PSY advisor to address any questions.

Students who wish to take time away from classes and activities in response to distress this semester may consider completing a Grief Absence Request. The Dean’s Office will respond to these requests and offer options and support. Students may also consider a medical leave. Students should consult with a PSY advisor regarding questions related to these options.
