Scholarly Record

Based on the American Psychological Association (APA) Ethical Principles and Code of Conduct (2010; Standard 8.12), authorship credits on the following publications indicated that I performed substantial contributions to the works listed. For each publication listed, these contributions included: (A) conceptualization of the work, (B) substantial original writing, (C) methodological design, (D) data analyses, (E) data collection, (F) editing of the work, (G) obtaining funding for the project, and/or (H) supervision or mentoring of any of the above. For

each of the works below, my contributions are noted with the corresponding letters. Also, consistent with APA Ethical Standards, the order of authorship on works listed reflects the relative scientific or professional contributions of the authors involved.

Asterisks denote undergraduate (*) and graduate (**) student co-authors. Underlined names denote community partner co-authors.
