

PSYCHOLOGY 371/372

Fall 2020 and Spring 2021

Preschool Trauma and Loss Project

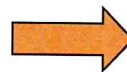

This is a 2 semester course. First semester—learn research, theories, and intervention techniques. Second semester—co-lead a 16-session program to help preschoolers cope with trauma and loss.

What Students Will Learn

- The effects of Adverse Childhood Experiences (ACEs)
- Theories and research about trauma
- Interventions to help preschoolers cope with traumatic events
- Behavior management skills to run an effective group
- How to conduct a classroom behavioral assessment
- Best techniques for interfacing with parents, teachers, and students
- Writing initial and final reports integrating parent and teacher interviews, and behavioral assessments
