PROGRAM REQUIREMENTS AND SCHEDULING

Please note that you bear ultimate responsibility for knowing and fulfilling graduation requirements. It is therefore essential that you use all of the University publications available to you. These include the:

- ◆ **Academic Programs:** reg.msu.edu/AcademicPrograms for rules and procedures.
- ◆ **Description of Courses:** reg.msu.edu/Courses/search.asp for course information and prerequisites.
- ◆ **Schedule of Courses:** <http://schedule.msu.edu> to plan schedules and look up section numbers, and schedule classes.

CAREER INFORMATION:

- ◆ **MSU Handshake:** <https://msu.joinhandshake.com/login> Utilize Handshake to make appointments with career advisors and career peers as well as search for job and internship positions.
- ◆ **O*NET Resource Center:** <http://onetcenter.org/> for descriptions of careers—nature of the work, salary information, and much more.
- ◆ **Dictionary of Occupational Titles (DOT):** occupationalinfo.org/ for descriptions of numerous occupations.
- ◆ **United Way Volunteer Opportunities** anywhere in the USA: <https://www.unitedway.org/get-involved/volunteer#> You can locate volunteer opportunities in your hometown or nearby that you could possibly do over the summer.
- ◆ **Career Services Network:** <http://careernetwork.msu.edu/> for MSU career information and services.
- ◆ **College of Social Science Career Consultant:** <http://socialscience.msu.edu/about-us/overview/career-services/>.

PSYCHOLOGY INFORMATION

- ◆ **MSU Psychology Website:** psychology.msu.edu
- ◆ **American Psychological Association:** apa.org
- ◆ **Psychopathology Information:** psychopathology.org
- ◆ **Industrial/Organizational Psychology:** siop.org, aonline.org/, shrm.org
- ◆ **Community Psychology:** scra27.org
- ◆ **Cognitive Psychology:** <http://www.cognitivesciencesociety.org/>, [psychological science.org](http://www.psychologicalscience.org), <http://www.psychonomic.org/>
- ◆ **Behavioral Neuroscience:** isdpr.org
- ◆ **Social Psychology:** socialpsychology.org, sesp.org

WELCOME TO PSYCHOLOGY!

Welcome to the Department of Psychology at Michigan State University! Psychology is one of the largest majors on campus and has many exciting opportunities that are available to you. From our number of courses, to our experiential-learning activities, you should leave MSU with a very comprehensive degree!

This handbook is intended for students who have declared Psychology as their major during the 2018–2019 academic year. As a new student majoring in Psychology, you will need to understand and learn the requirements for your degree as well as the resources available to you on our campus. We hope that this handbook will help you navigate these requirements and available resources.

In addition to this handbook, you should utilize the Psychology and University websites. The Psychology Department website, <http://psychology.msu.edu/>, contains valuable information that will help you select PSY courses, careers, areas of interest to investigate, graduate schools, workshops, and fulfill degree requirements. The University website, <http://msu.edu/>, will offer you calendars, MSU News, course descriptions, people search, schedule of courses, schedule builder, and much more.

*The official guide for degree requirements can be found in the Academic Programs Catalog or at [http://reg.msu.edu/
AcademicPrograms/](http://reg.msu.edu/AcademicPrograms/).*

We are here to help you in any way! We hope to see you at least once a semester. Don't miss out on advice and guidance for course selection and your career!

Undergraduate Psychology Advising Office
Michigan State University
Psychology Building, Room 100
316 Physics Rd.
East Lansing, Michigan 48824-1116
517-353-0753

ADVISING

Advising in the Psychology Department is done in many different formats. We offer appointments, walk-in advising and various forms of group advising. Our appointments are scheduled on-line at <https://msu.campus.eab.com/>. Walk-ins are available Monday – Friday from 1:00pm – 3:00pm during the academic year. Advising takes place in the Undergraduate Psychology Advising Office in Room 100 Psychology Building. Group advising takes place through seminars, workshops, and other events that you will have the option to participate in throughout the year. Notification of these events will be done through newsletters, emails and on the online news and events page of the Psychology Department Undergraduate website.

Advisors:

- ◆ **Sarah Handspike**, Coordinator of Advising and Undergraduate Services: meadsara@msu.edu
- ◆ **Andrea Groskopf**, Advisor: lunsteda@msu.edu
- ◆ **Lindsay Spitzley**, Advisor: spitzlin@msu.edu
- ◆ **Rachael Zaborowski**, Advisor: zaborach@msu.edu

Please see a Psychology advisor to discuss or review:

- ◆ BA or BS in Psychology, Additional Majors, Second Degrees, or Minors
- ◆ Adding, dropping, or changing a major or degree
- ◆ Planning course schedules
- ◆ Opportunities: independent studies, internships, practicums, volunteering, employment, awards, scholarships, study abroad, and more...
- ◆ Progress in meeting requirements and potential graduation date
- ◆ Graduate or professional school planning
- ◆ Other academic and/or career needs

Secretaries:

- ◆ **Audra Jeffrey**: jeffre22@msu.edu
- ◆ **Kim Brown**: brown826@msu.edu

Please contact a secretary in the Advising Office for assistance with the following:

- ◆ Overrides into Psychology (PSY) courses
- ◆ Late adds into Psychology (PSY) courses
- ◆ Independent study (PSY 490/491) contracts
- ◆ Practicum or internship forms

GRADUATE SCHOOL

If you have been a high-achieving, conscientious student and are motivated to dedicate yourself to a much higher level of scholarly reading, writing, and research in a specific field, you may be a good candidate for graduate school. You must be able to demonstrate your commitment to academic success by what you have achieved in your undergraduate program. Graduate school is not something you just fall into because you haven't chosen what to do next with your life or because you are worried about employment opportunities or salary. A graduate degree does not guarantee you a job or a high salary.

Graduate study in psychology consists of advanced training in a specific area. It should be viewed as professional training for a career, not just an extension of undergraduate courses. Consider very carefully why you want to go to graduate school and what your expectations are. You will also need to know which area of psychology you want to pursue.

Competition for admission is intense. Only the most qualified students are admitted. About 38 percent of psychology majors go on to some form of graduate study (MSU Destination Survey, 2016) <https://psychology.msu.edu/students/undergrad/career-planning>. For a good program, meeting the minimum standards for admission is not usually sufficient; you must do more. For example, the minimum GPA for entering most Ph.D. programs is a 3.2, but students who are actually admitted have a much higher GPA (generally a 3.5 or higher). Some programs place more emphasis on the GPA earned during the junior and senior years. Your undergraduate GPA and coursework, Graduate Record Exam scores <http://www.ets.org/gre>, letters of reference, research and clinical experiences, and personal statement must show that you will be a successful graduate student.

Due to the breadth and diversity of courses in the psychology degree, students can apply to graduate school within the field of psychology or choose to apply to other related programs. Programs that are very popular that are not within our psychology department are: School Psychology, Social Work, Human Resources and Labor Relations, Counseling, Sport Psychology, Student Affairs, Public Policy and Public Health. Many Psychology majors also choose to go on to professional programs like law and medical school.

Additional information on many of these graduate programs can be found in the Undergraduate Psychology Advising Center, Room 100 Psychology Building, and on our website. Check out our Career Connection flyers in the office to learn more about what is needed for these programs. There are also graduate school books that can be checked out of our lending library.

Meeting with advisors and faculty is imperative for finding out how to apply to graduate school and to decide whether or not it is a good option for your career plans. Understanding how to get there and what it entails takes time and a lot of planning. Don't wait until it is too late!

CAREER OPTIONS FOR PSYCHOLOGY GRADUATES

Approximately 62 percent of psychology graduates go directly into the workforce with a bachelor's degree (MSU Destination Survey, 2016) <https://psychology.msu.edu/students/undergrad/career-planning>. Graduates of our department can compete effectively with other students who have obtained a general/liberal arts education, as well as those who have opted for more specialized curricula. Your performance as a psychology major and your willingness to prepare for a variety of career options will influence your attractiveness to employers and eventual career placement. Preparing for the job market and then building your career takes planning and effort over a long period of time. You should take steps each semester, beginning with your freshman year, toward this end. Strive to incorporate the following into your undergraduate experience from a combination of course selections and other activities: *Oral & Written Communication Skills, Teamwork, Critical Thinking, Problem Solving, Leadership, Research Methodology, Computer Literacy, and Work Experience.*

CAREER AREAS FOR PSYCHOLOGY GRADUATES

Child/Youth/Elder Care	Human Resources	Residential Services
Community Services	Human Services	Retail Management
Consulting Services	Manufacturing/Production	Retail/Wholesale Sales
Court/Juvenile Services	Market Research	Social Services
Customer Services	Government/Legislative Services	Special Populations Services
Employee Relations	Personnel/Human Resources	Student/Alumni Services
Employment Services	Private/Nonprofit Management	Substance Abuse Services
Financial Services	Public Relations/Media Services	Volunteer Services

GET INVOLVED

STUDENT GROUPS

The *Psychology Club* is open to all students interested in the field of psychology. Interested students should come to the regularly scheduled meetings. Check out posted meeting dates at the Psychology Club website <http://msupsyclub.weebly.com/>. Contact Andrea Groskopf at lunsteda@msu.edu or psyclub@msu.edu.

Membership in *PSI CHI*, the National Honor Society in Psychology, is by invitation. Check the showcase outside Room 100 Psychology Building for information. Contact Dr. Jonathan Weaver at weaver71@msu.edu or <http://psichi.org/> or <http://msu.edu/~psichi/>.

VOLUNTEERING

The Center for Service-Learning and Civic Engagement provides volunteer opportunities in a variety of contexts. Explore volunteer positions and apply online. Contact them at 517-353-4400, stop by Room 345 Student Services Building, or go to: <http://servicelearning.msu.edu/>.

STUDENT LIFE

Get involved on campus. Become a leader. Check out over 500 student organizations in Room 101 Student Services Building, <http://studentlife.msu.edu/>.

PSYCHOLOGY OFFICE RESOURCES

There are reference materials, books that may be borrowed, handouts, free publications, and postings managed by the Advising Office in Room 100 Psychology Building that are available to you and provide information about:

- ◆ Career Options
- ◆ Graduate Programs
- ◆ Independent Study Opportunities
- ◆ Additional Majors/Minors
- ◆ PSI CHI National Honor Society
- ◆ Psychology Club
- ◆ Psychology Service and Intern Fair
- ◆ Psychology-Related Job Postings
- ◆ Scholarships
- ◆ Service-Learning Opportunities
- ◆ Study Abroad Information
- ◆ Volunteer Opportunities
- ◆and more

E-MAIL

Due to the nature and quantity of e-mails that we receive, we encourage you to meet with us face-to-face when you are looking for detailed information. We welcome e-mails that are simple in nature. For general questions, please e-mail the Psychology advisors at psyugrad@msu.edu.

HONORS COLLEGE

Members of the Honors College should meet with their designated Psychology Honors Faculty Member prior to their junior year to discuss the required Honors Thesis. Psychology Honors information can be found on the Psychology Department Undergraduate website.

Psychology Department Honors Faculty:

- ◆ Dr. Joe Lonstein, lonstein@msu.edu (Students A-K)
- ◆ Dr. Susan Ravizza, ravizzas@msu.edu (Students L-Z)

For questions regarding course scheduling, career planning and graduate school preparations, Honors College students can be seen in the Undergraduate Advising Center, Room 100 Psychology Building.

For questions regarding admission to the Honors College as a freshman, please direct your questions to the Honors College at <http://honorscollege.msu.edu/>.

FRAMEWORK FOR PSYCHOLOGY DEGREE REQUIREMENTS

To ensure that you receive an appropriately broad and well-balanced education at MSU, psychology majors must satisfy the requirements of three separate units that represent three administrative levels: the University, the College of Social Science, and the Department of Psychology. You must meet the graduation requirements of each unit. In addition, you will need to choose elective coursework to achieve the minimum number of 120 credits for a degree. You must complete 30 credits at the 300 or 400 level. An illustration of the degree framework is shown below.

The following is a brief summary of University requirements; however, the *Academic Programs catalog* <http://reg.msu.edu/AcademicPrograms/> is the official source for University policy.

- Complete a minimum of 120 credits with a 2.0 or better cumulative MSU GPA.
- Achieve a 2.0 or better Psychology cumulative GPA at MSU.
- Complete a minimum of 30 credits at MSU with a minimum of 27 credits on the East Lansing campus after junior status.
- Earn a minimum of 20 credits while in the major.
- Courses used to satisfy specific degree requirements may not be taken for CR/NC.
- No more than 10 of a student's last 30 credits may be transferred from a 4-year accredited college/university. **PRIOR APPROVAL IS REQUIRED.**
- Credits from a community college will not be accepted once junior status is achieved (56 credits).

Note: Before taking a course at another institution, you should clearly understand the MSU Policy on transferability of courses. For more detailed information, please go to <http://transfer.msu.edu/> and consult with your academic advisor.

RESEARCH WITH FACULTY

Another opportunity for credit is independent study. Independent studies are important for students planning to apply for graduate school. This experience gives students great opportunities to work with faculty and graduate students in the research environment. Research credit can be earned through PSY 490/491 or it can be done as a volunteer.

PSY 490 Special Problems in Psychology (Fall, Spring, Summer)

- ◆ Description: Students work under the direction of a faculty member on an experimental, theoretical, or applied problem. This is a graded course.
- ◆ Restrictions: As specified by the faculty member of record. A maximum of 1-8 credits can be taken in a semester with a combined total of 12 credits for the degree. Needs instructor and department approval.

PSY 491 Participation in Psychological Project (Fall, Spring, Summer)

- ◆ Description: Students participate in a psychological project under direction of a faculty member. This is a pass/no grade (P/N) course.
- ◆ Restrictions: As specified by the faculty member of record. A maximum of 1-8 credits can be taken in a semester with a combined total of 12 credits for the degree. Needs instructor and department approval.

HOW TO LOCATE PSYCHOLOGY RESEARCH OPPORTUNITIES

There are opportunities in the Department of Psychology for students to get involved in research in a faculty member's lab, either as a volunteer or for credit (via PSY 490 or PSY 491). There are a number of ways to identify these opportunities.

◆ View listings on the Psychology website:

Go to the Psychology website <http://psychology.msu.edu/Undergrads/>. Listings are under the "Get Involved" Section.

◆ Contacting faculty to learn of additional independent study opportunities:

You can identify which faculty members are doing research in an area of interest to you. Go to the Psychology undergraduate website <http://psychology.msu.edu>. Select research areas of interest to identify faculty doing research in a given topic area. Click on each one to learn more about their particular research. For each one that provides a "vita" (extensive resume) link, open the link to learn more about that faculty member's background, research, and recently published articles.

College Restrictions on Experiential Learning

The total of independent study, practicum, internship, and field experience credits may not exceed 20 credits combined. If you have questions, contact a Psychology Advisor.

- ◆ A maximum of 12 credits of independent study may be applied toward the degree.
- ◆ A maximum of 12 credits in internship, field experience, and practicum courses combined may be applied toward the degree. PSY 371/372 and 381 do not count against this limit.

EXPERIENTIAL LEARNING FOR CREDIT

An internship or practicum provides an opportunity to explore career possibilities and to develop communication and organizational skills. Many employers expect college graduates to have practical, work-related experience. Learning about the world of work and making contacts in your chosen field are essential tools for landing your first job. Instructor permission is required for these courses. More information and applications can be found on the Undergraduate website under Get Involved.

MSU ADOLESCENT DIVERSION PROGRAM, PSY 371/372 (8 cr.)

The MSU Adolescent Diversion Program is a two-semester commitment in which the student is trained and then mentors an adolescent involved in the juvenile justice system. This opportunity is offered every semester and the semesters have to be consecutive. Contact **Sean Hankins, Director**, at 517-355-9519 hankinss@msu.edu.

PSYCHOLOGY HUMAN SERVICES INTERNSHIP, PSY 381/382 (6-12 cr.)

This course is a two-semester commitment. PSY 381 is in the spring and is a training and theory course. In PSY 382, students apply theory to practice. This internship is offered online in the summer. Internships are required to be in the human services field. This is a great opportunity to learn theories of human behavior, examine social problems, and “engage in strengths-based client centered service delivery”. Application materials are available on the undergraduate website. Contact **Lindsay Spitzley** spitzlin@msu.edu.

BUSINESS PSYCHOLOGY INTERNSHIP, PSY 382 (6-12 cr.)

In this course, students complete an internship related to Industrial/Organizational Psychology. As a prerequisite for the internship, students are required to complete PSY 255 so they have background knowledge of the factors relevant to improving organizational performance. Additionally, students are required to attend orientation sessions prior to the internship which is completed in the summer. All academic assignments for the course are completed online. Application materials are available online at the Psychology Department website. Contact **Andrea Groskopf** lunsteda@msu.edu.

GENERAL PSYCHOLOGY INTERNSHIP, PSY 382 (6-12 cr.)

Whether a student intends to start a career after graduation or attend graduate school, it is imperative that the student gain experience that make him/her more marketable in these arenas. This internship is for students who desire experience in an area related to the field of Psychology. This can be very broad because Psychology touches on many fields, but all areas need to be approved in advance by the department to make sure that they follow in line with the goals of the program. Application materials are available online at the Psychology Department website. Contact **Sarah Handspike** meadsara@msu.edu.

COLLEGE OF SOCIAL SCIENCE INTERNSHIP, SSC 493 (3-12 cr.)

Internships are offered through the College of Social Science in various areas of interest, depending on your career goals. Call 517-353-9291, located in 221 Berkey Hall, <http://socialscience.msu.edu/students/experiential-learning/internships/>.

STUDY ABROAD

Study abroad is another way to look at the world differently. This can benefit your career, your degree, and in many cases, you personally. When students study abroad they choose to step outside of what they “know” and expose themselves to new thoughts, ideas and cultures. Psychology students are encouraged to go on programs where they can take courses to meet a variety of degree requirements. For more information on programs, search the study abroad database at <http://studyabroad.msu.edu/>.

UNIVERSITY REQUIREMENTS

WRITING REQUIREMENT—The Tier I writing requirement is fulfilled by successful completion of WRA 101 or 195H. The Tier II portion of your writing requirement is fulfilled by the completion of a designated 300-400 level course in your major. These course titles are followed by a “W”.

MATHEMATICS REQUIREMENT—Complete one of the following:*

1. Complete two of the following courses:
 - Mathematics 101, 102 or 103.
2. Complete both of the following:
 - a. Mathematics 103; and
 - b. One of the following courses: Mathematics 112, 114, 124, 132, 152H, or 201; or Statistics and Probability 200 or 201. Students who place into any course in 2.b via the Mathematics Placement Exam need only complete the course in 2.b in order to fulfill the University Mathematics requirement.
3. Complete one of the following:
 - Mathematics 110 or 116.

*PSY 295 requires College algebra or algebra placement waiver as one of the prerequisites.

INTEGRATIVE STUDIES REQUIREMENT—The Integrative Studies requirement includes the completion of coursework in the Arts & Humanities, the Social Sciences, and the Biological and Physical Sciences.

Integrative Studies in Arts and Humanities—8 credits

IAH 201-210

IAH 211+

Integrative Studies in Social Science—8 credits

ISS 2XX

ISS 3XX

Integrative Studies in Biological and Physical Sciences—8 credits

ISB 2XX

ISP 2XX

2 Credits of ISB/ISP Lab

Psychology majors pursuing the B.S. Degree may choose to complete the University Alternative Science Track (see page 9 for details).

INTEGRATIVE STUDIES CREDIT REQUIREMENT—Students must complete 24 credits in the Integrative Studies courses (IAH, ISS, ISB, ISP, and lab).

DIVERSITY REQUIREMENT—Must include at least two courses in **N**ational, **I**nternational, and **D**iversity from the following combinations: N&I; N&D; or I&D. The letter will be found after the IAH/ISS course title.

COLLEGE OF SOCIAL SCIENCE REQUIREMENTS FOR ALL STUDENTS

EXPERIENTIAL LEARNING REQUIREMENT

All students within the College of Social Science must complete an experiential learning requirement. The experiential learning requirement may be satisfied either within or outside the requirements of the major. The requirement may be met by completing a 3 or 4-credit experiential learning course, approved by the College of Social Science Committee on Curriculum and Academic Policy or its designee. A list of approved courses is maintained by the College of Social Science on their website. Many students complete this requirement by successfully completing a study abroad, a study away, an internship or by conducting research with a faculty member. **Please consult the CSS website for specific lists and details:** <http://socialscience.msu.edu/curriculum>

INTERDISCIPLINARY MINOR REQUIREMENT

Complete a minimum of 15 credits in one Interdisciplinary Minor from a list of minors approved by the College of Social Science Committee on Curriculum and Academic Policy. Examples of Minors approved for this requirement include: African Studies; Asian Studies; The City: Environment, Design and Society; Law, Justice, and Public Policy; Leadership of Organizations; Human Behavior and Social Services; Youth and Society; Environment and Health; International Development. A list of approved minors is maintained by the College of Social Science on their website. Minor requirements can have some duplication between major and minor, but not more than two courses. *If you wish to add one of the College of Social Science minors, please meet with a psychology advisor.* **Please consult the CSS website for specific lists and details:** <http://socialscience.msu.edu/curriculum>

SPECIFIC COLLEGE OF SOCIAL SCIENCE REQUIREMENTS FOR PSYCHOLOGY BACHELOR OF ARTS (BA)

SCIENCE, TECHNOLOGY, ENGINEERING, MATHEMATICS, (STEM) REQUIREMENT

Complete a minimum of 6 credits in Science, Technology, Engineering, and Mathematics (STEM) courses from a list of courses approved and maintained by the College of Social Science Committee on Curriculum and Academic Policy. Most courses offered in the College of Natural Science and the College of Engineering count toward this requirement. Other courses approved by the College of Social Science Committee on Curriculum and Academic Policy can meet this requirement. **Please consult the CSS website for specific lists and details:** <http://socialscience.msu.edu/curriculum>.

ARTS AND HUMANITIES REQUIREMENT

Complete a minimum of 6 credits in Arts and Humanities from a list of courses approved by the College of Social Science Committee on Curriculum and Academic Policy. Most courses offered in the College of Arts and Letters count toward this requirement. Other courses approved by the College of Social Science Committee on Curriculum and Academic Policy can meet this requirement. A list of approved courses is maintained by the College of Social Science and is located on their website. *Note:* The College requires this Arts and Humanities requirement only for BS students, however the Department of Psychology requires it for both BA and BS students.

PSYCHOLOGY UNDERGRADUATE NEWS AND SOCIAL MEDIA

WEBSITE

The Psychology Undergraduate website should be your go to site for important details regarding your psychology degree, advising information, opportunities to get involved, campus resources, career planning, honors program, SONA research participation and course syllabi. We recommend bookmarking this page for easy access to helpful and important information. Take some time to explore the website to become familiar with the opportunities that you have as an undergraduate student in psychology. There are many opportunities to get involved in research, internship programs and study abroad/study away. This page also has easy access to scheduling advising appointments, updated walk-in hours schedule and an archive of monthly newsletters.

PSY Undergraduate Website: <https://psychology.msu.edu/students/undergrad>

SOCIAL MEDIA

The Psychology Undergraduate office manages a Facebook and Twitter page to keep students updated on news and events in the department. Use the account details below to like and follow us so that you never miss an opportunity!

- **Facebook:** MSU Psychology Undergrad
- **Twitter:** MSU PSY UGRAD @MSU_PSYUGRAD

NEWSLETTER

We send out a PSY Newsletter to all PSY students twice a month, typically on the 1st and 15th of each month. This is a great place for you to stay up to date with advising walk-in hours, experiential learning opportunities, events from our department and across campus. The newsletter comes to your MSU email address; make sure that the PSY advisors emails are not going to your junk box! We try to be conscious of the number of emails that you receive daily; the newsletter is our way of sending you important announcements and opportunities without overloading your inbox. Please read the newsletter each month to take full advantage of the opportunities available to you!

PSYCHOLOGY BA vs. PSYCHOLOGY BS

Students can choose to pursue a Bachelor of Arts (BA) or Bachelor of Science (BS) degree in Psychology. When choosing a degree, students should always start with what they are most interested in. If you have always been good at science and math, and you like it, you will most likely complete the Bachelor of Science in Psychology. If you have always been a successful writer, like the humanities, and enjoy learning about people and cultures, you will probably want to pursue the Bachelor of Arts. It seems easy, but many students fall somewhere in the middle.

Many students ask which is better for jobs and graduate school. There is not one good answer for everyone. The answer depends on how well you would do in each of the areas. Some students think that the B.S. is the only way to graduate school, but if you can only get low grades in those courses, you may significantly hurt your chances for admission. If your future graduate program does not require or recommend those courses, you could have just lowered your GPA for no reason.

Most graduate programs want a diversity of courses. They also want students to show that they can do well in challenging courses. This can be done through either the B.A. or the B.S. degree in Psychology. It is most important to do well in the most challenging courses that you can handle. It is also important to look ahead to see what courses are recommended by the graduate programs you are pursuing. If the programs you are looking into are more scientific in nature, you will probably want the courses in the B.S. degree.

The best way to determine which degree is best for you is by meeting with a Psychology advisor.

CHANGING BA OR BS STATUS

Juniors and Seniors:

First meet with a Psychology Advisor to clarify the requirements for the new major. Psychology students who would like to change their degree status from Bachelor of Arts (BA) to Bachelor of Science (BS) or from BS to BA, have earned 56 credits or more and have met with an advisor, need to email Academic.Affairs@ssc.msu.edu or call 517-355-6676 to request this change. In your email provide your name, telephone number, and major; and specify the change you wish to make.

Freshmen and Sophomores:

Students desiring to make a degree change who have earned less than 56 credits need to visit their local Neighborhood Student Success Collaborative Office located in five Neighborhood Engagement Centers. For locations, go to <http://nssc.msu.edu/>. Click on the "Location" link.

NOTE: Check STUINFO within two weeks to verify that the degree change has gone through as requested.

SPECIFIC COLLEGE OF SOCIAL SCIENCE REQUIREMENTS FOR PSYCHOLOGY BACHELOR OF SCIENCE (BS)

SCIENCE, TECHNOLOGY, ENGINEERING, MATHEMATICS (STEM) REQUIREMENT

Complete a minimum of 15 credits in Science, Technology, Engineering, and Mathematics (STEM) courses from a list of courses approved and maintained by the College of Social Science Committee on Curriculum and Academic Policy. Most courses offered in the College of Natural Science and the College of Engineering count toward this requirement. Other courses approved by the College of Social Science Committee on Curriculum and Academic Policy can meet this requirement. Note: The College requires only 12 credits of STEM for a BS degree, but the Department of Psychology requires 15 credits.

Please consult the CSS website for specific lists and details:

<http://socialscience.msu.edu/curriculum>

ADDITIONAL STEM REQUIREMENT FOR BS STUDENTS:

At least 9 of the required 15 STEM credits must be fulfilled by courses on the Psychology STEM list. *Please check for prerequisites.* This is a Department of Psychology requirement and the list of approved courses is located on the Psychology website <https://psychology.msu.edu/uploads/undergradimages/BSCourseList.pdf>.

ARTS AND HUMANITIES REQUIREMENT

Complete a minimum of 6 credits in Arts and Humanities from a list of courses approved by the College of Social Science Committee on Curriculum and Academic Policy. Most courses offered in the College of Arts and Letters count toward this requirement. Other courses approved by the College of Social Science Committee on Curriculum and Academic Policy can meet this requirement. A list of approved courses is maintained by the College of Social Science and is located on their website. **Please consult the CSS website for specific lists and details:** <http://socialscience.msu.edu/curriculum>.

ALTERNATIVE UNIVERSITY SCIENCE REQUIREMENT:

If you choose to complete the Bachelor of Science Degree in Psychology, you may satisfy the University Integrative Studies in Biological and Physical Sciences Requirement with the Natural Science Alternative Track. Courses taken to complete the Alternative Science Track may not also apply to STEM requirements. To complete the Alternative Science Track you must complete 8 credits by taking courses that consist of:

- a) One course in Biological Science (BS)
- b) One course in Chemistry (CEM 141 or higher) or one course in Physics (PHY 181B or higher)
- c) Two credits of laboratory experience in Biological or Physical Science

MATHEMATICS REQUIREMENT:

A calculus course at the level of MTH 124 or higher is required. If this course is used to satisfy the University Mathematics requirement, then the credits may not be counted toward the College STEM 15 credit requirement.

DEPARTMENT OF PSYCHOLOGY REQUIREMENTS

Complete a minimum of 31 credits in Psychology with a minimum 2.0 PSY GPA.

Required: PSY 101 Introductory Psychology
PSY 295 Data Analysis in Psychological Research
PSY 395 Design and Measurement in Psychological Research

Choose one: PSY 200 Cognitive Psychology
PSY 209 Brain and Behavior

Choose two: PSY 235 Social Psychology
PSY 236 Personality Psychology
PSY 244 Developmental Psychology: Infancy Through Childhood
PSY 255 Industrial and Organizational Psychology
PSY 270 Community Psychology
PSY 280 Abnormal Psychology

Choose one: PSY 401 Expertise and Skill (W)
PSY 402 Sensation and Perception (W)
PSY 405 History of Modern Psychology (W)
PSY 409 Psychobiology of Behavioral Development (W)
PSY 410 Neurobiology of Learning and Memory (W)
PSY 411 Hormones and Behavior (W)
PSY 413 Lab in Behavioral Neuroscience (W)
PSY 424 Child and Family Psychopathology (W)
PSY 440 Attitudes and Social Cognition (W)
PSY 444 Developmental Psychology: Adolescence Through Youth (W)
PSY 455 Advanced Topics in Organizational Psychology (W)
PSY 475 Personality Theories (W)
PSY 493* Issues in Psychology (W)
(W) indicates a Tier II Writing course.

Required: **Elective courses in Psychology to reach 31 credits.** The elective courses in Psychology can come from Independent Study-PSY 490 & 491, Practicum-PSY 371/372, Internship-PSY 382 (prior approval is required for these courses; see pgs. 14 & 15) or elective classes:
PSY 301 Cognitive Neuroscience
PSY/NEU 310 Psychology and Biology Of Human Sexuality
PSY 312 Introduction to Clinical Psychology
PSY 316 Children's Exposure to Domestic Violence: Promoting Resiliency
PSY 317 Sexual Assault: Context, Interventions and Prevention
PSY 320 Health Psychology
PSY 333 The Neurobiology of Food Intake and Overeating
PSY 339 Psychology of Women
PSY 342 Stereotypes, Prejudice, and Discrimination
PSY/LIN 463 Introduction to Cognitive Science
PSY 492 Special Topics in Psychology
You may also select additional courses from the above categories.

*PSY 493 expanded descriptions and prerequisites are available on the psychology undergraduate website and from the course listing on <http://schedule.msu.edu/>. Each section of PSY 493 covers a different topic. Students should read descriptions of 400 level writing courses. Most of these courses do have prerequisites and are offered in varying semesters.

GENERAL ELECTIVES

General Electives are any courses that do not meet a specific course requirement. This is your chance to explore and expand your knowledge in other areas of interest. Psychology majors usually have 19-34 credits of General Electives depending on the degree selected. These courses count toward the 120 minimum credits required for graduation. Elective courses taken at the 300+ level, also satisfy the upper level requirement. Excess credits from University, College, or PSY requirements are also considered General Electives. When completing electives, you can take a diversity of courses from all different disciplines. If you would rather have them more focused, you may choose to complete a minor, additional major, or second degree.

Some of the more popular departments Psychology majors select electives from are:

ACC	Accounting
ADV	Advertising
CEP	Counseling, Educational Psychology and Special Education
COM	Communication
EAD	Educational Administration
FW	Fisheries and Wildlife
HB	Hospitality Business
IDES	Interior Design
JRN	Journalism
KIN	Kinesiology
PRR	Parks, Recreation and Tourism Resources
MI	Media and Information
TE	Teacher Education

MINORS

MSU has several minors as an option for students to enhance their academic record. If you are interested, a list of current available minors can be found on the Registrar's Office website <https://reg.msu.edu/AcademicPrograms/Programs.aspx?PType=MNUN>.

Completed minors are listed on your final transcript. Some areas are: Dance, Health Promotion, Languages, and Entrepreneurship. These minors can be taken in addition to the CSS required minor.

ADDITIONAL MAJOR

Another option available to psychology majors is completing an additional major in another discipline. An additional major is noted on your final transcript. Most disciplines offer an additional major, though the requirements for each can be very different. Most additional majors range between 30-60 credits. You should contact the academic advisor in the discipline you are interested in for more information and to sign up.

SECOND DEGREE

Second degrees are available for students wanting two diplomas. The University requires students pursuing a second degree to do a minimum of 30 credits beyond their first degree. Department and college requirements are usually required to be completed. A second degree can be added by meeting with an advisor in the area of interest.
