Undergraduate Assistant Opportunity!

Dr. Kelly Klump’s Hormones and Behavior Lab is currently looking for undergraduate research assistants. Member of the lab assist with examining developmental differences in genetic, environmental, and neurobiological influences on behaviors. The position requires 10 hour per week commitment to the lab and lab tasks, attendance at weekly lab meeting on Wednesdays from 9am-10am, and a 1 year commitment (3 semesters) to the lab. If you are interested, please contact the Lab Manager, Lindsay Ackerman at ackerm96@msu.edu.

Research Opportunity- ADJust Lab

The project involves a partnership between MSU (under the leadership of Dr. Caitlin Cavanagh) and a local juvenile court. At the court, each youth who is charged with a crime is administered a risk assessment, which identifies areas of unmet need and how likely the youth is to offend again. The project has expanded to include assessments for juvenile sex offenders, families involved in the abuse/neglect division of the court, youth with mental health needs, and potential victims of human trafficking and exploitation. If interested please review the full list of responsibilities and requirements. To apply contact Erica Dalzell at dalzelle@msu.edu.
